

Earning my way to the playground

**When all five tokens are earned...
it's playground time!**

How to Use the Playground Token Board

This token board is designed to support children in building routines and motivation around tasks that lead to a playground visit.

Here's how to use it:

Choose 5 small goals or tasks for your child to work on.

Examples:

- Getting dressed
- Brushing teeth
- Staying safe on an outing
- Using kind words
- Asking for help

Each time your child completes a task, they earn a playground token

(e.g., a swing, slide, climber, etc.)

They can be:

- Taped on
- Attached with Velcro
- Laminated and reused

Once all tokens are earned, it's time for the reward — **a trip to the playground!**

💡 Tip:

Print the board on cardstock or laminate for durability.

Store the tokens in a small envelope or reusable baggie.
